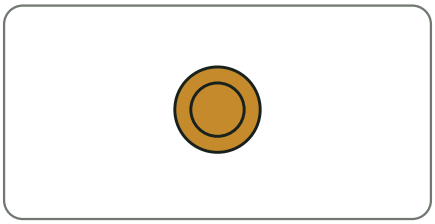
CHAPTER THREE / ZERO MEANS NONE

Empty and not empty

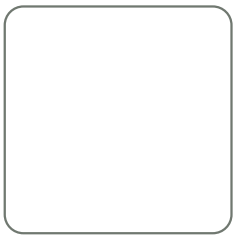
Read aloud. Use the paired textbook Your turn with zero, or work here.

A completed example. There is one top in this tray.
The written number beside it is 1.



1

Now look inside this tray. Write the number for its tops in the small space.



Draw your own smaller empty box inside the space below.
Mrs Binta has shown an empty-box drawing in the textbook.

CHAPTER THREE / ZERO MEANS NONE

Make and order zero

Watch an adult write zero first. Use Say it. Make it. Write it. in the textbook for the direction.

Air-write zero. Trace the pale zero. Close the loop.
Then cover it. Write zero in the next space.

0

Say these numbers in order. Write the missing number.

0, 1, , 3

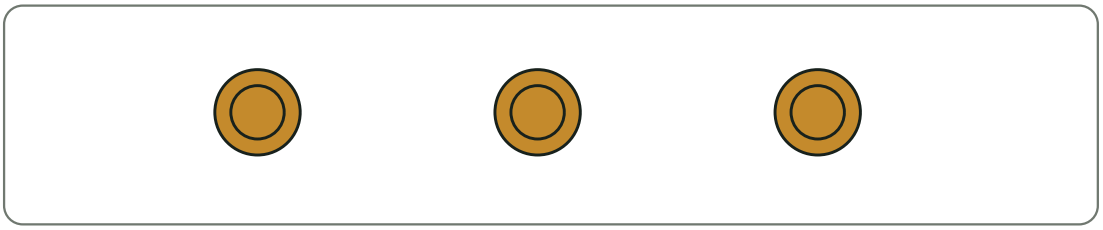
Check by showing none, one, two and three real counters.
Then cover all printed numerals on this page. Ask an adult to say zero.
Write it below.

CHAPTER THREE / ZERO MEANS NONE

Put away and explain

Remember the lesson before looking back. Use large, safe real counters.

Put all 3 tops away. How many remain?
Use three real counters. Move them into a storage box.



Write how many remain on the mat.

Say the word for **0**. Tell an adult or use your usual way to communicate.

Why does an empty basket have **0** oranges?
Tell or show a partner. You may also draw below.

Need help? Try one counter with an adult. Then try a fresh tray with two.

CHAPTER THREE / ZERO MEANS NONE

A fresh zero try

Work on your own. An adult prepares fresh trays and cards.

Look at the three real trays. One has no counters.
Point to the empty tray. Write how many counters it holds.

Look at the mixed numeral cards.
Point to the numeral the adult says.
Now say the number on each card the adult points to.

Cover all the cards. Write the number zero from memory.

Adult record: empty-set meaning ____; recognition ____;
independent naming ____; writing from memory ____.
Prepare/check using textbook Answers and fresh checks. Do not supply answers while testing.
